As you may know, heavy storms have just swept through our **AREA**. Undoubtedly causing damage to homes in your neighborhood and many others like yours. Is your home one of those homes? Many times, it's obvious. Far more often, the damage goes unnoticed. Knowing about and addressing the issue early on alleviates the stresses of a much bigger problem down the road. Wouldn't you like to know?

Often this damage goes unnoticed not only allowing more damage down the road but also exposes your home to potential health hazards. Life has enough ups and downs to get hung up with these types of hassels at home. **Area Contractors** is here to weather the storm with you! We'll work with your insurance company to ensure a stress-free process as we return your home to safe and "better than previous" living condition.

We offer a free inspection with no obligations. If we uncover damages, we will guide you through the claims process and handle all matters with the insurance company personally on your behalf. One of our project managers will be at your disposal until the repairs complete.

Area Contractor LLC is locally owned and operated with values of hard work, dedication and ethical treatment of not only you, the customer, but also the insurance company. Quality and your satisfaction are our primary goals. Quite simply, we believe in *quality over quantity*.

So, give us a call We will weather this storm with you!
